

Eco-gecko Wooden Cutlery

Eco-gecko wooden cutlery is a smooth, sturdy, elegant alternative to plastic cutlery. It is made from FSC certified sustainably harvested, renewable birch, with no coatings or chemicals. In addition, the boxes and cartons used to package them are made from recycled paper products.

The natural beauty and strength of the birch wood makes for a stylish yet functional cutlery. And since birch is a hardwood, the edges are smoother than other wooden disposable cutlery on the market, making them safe for children to use. Whether you are planning an office party, an outdoor event, a dinner party, or for daily use in your office or restaurant, these 100% compostable wooden forks, knives, and spoons are the perfect utensils for your needs.

- **Natural yet durable**
- **Heavy duty, extra long 6.5” size**
- **High heat tolerant**
- **Commercially or home compostable**
