ECOSAFE®-6400™
COMPOSTABLE BAGS

Bio-based Plastic Bags & Can Liners

Compostable, recyclable bio-plastic bags help eliminate regular plastic bags from our environment. EcoSafe® bags are fully compostable, leak-proof trash can liners that comply with ASTM D-6400 standards for compostable plastic. BioBags® are certified 100% compostable & burnable. BioBags® will biodegrade as naturally as food scraps, leaving no harmful residue. Even the branding on the outside is eco-friendly soy based. BioBags® are GMO free and DEBIO certifies for use in organic agriculture.
